Dear Joade:

Ron Mespelt, owner of Alternative Office Services has requested that I write a letter of recommendation for him to you.

I have worked with Ron and his crew on numerous occasions for the past several years. I have always found him to be very reliable and his work to be more than satisfactory.

Our office moved its location last December and Ron and his crew were invaluable to our successful move. They inventoried our modular work stations and then Ron created diagrammed floor plans of modular placement for our new location utilizing our current inventory. Also, he and his crew were able to disassemble approximately 20 of our units at our original site, move and re-assemble them at our new location over a weekend. Ron also created diagrammed floor plans of modular units and assembled 22 work stations for our call center adhering to our tight move schedule.

There has been no job too small or too large that he hasn't been willing to serve our needs in a very professional manner. I highly recommend him and his crew to get the job done on time and at a fair price.

Please feel free to contact me if you need any additional information or have any questions.

Sincerely,

Mary Ford
Administrative Assistant
