To Whom It May Concern,

Alternative Office Service has been my primary installation company in the Idaho area for several years now. Being in Illinois, I have required a company that I can depend on to do the job efficiently from afar. Alternative Office Service, has been an excellent and dependable company that I can rely on to do the job right. The installations and deliveries have been done quickly and expertly, with excellent follow up. The care of my customers has always been diligent and polite. I can definitely recommend Ron Mespelt and Alternative Office Service for all furniture installation needs.

Sincerely,

Chris Ostermann
Account Coordinator
